

# BRAZILIAN FROZEN POULTRY FOR INTERNATIONAL TRADE

Export-Grade  
Poultry

Federally  
Inspected

Halal Production  
Capability\*

International  
Supply

We provide access to Brazilian poultry products sourced from an established, federally inspected processing operation with experience in products intended for international markets.

Our commercial structure provides qualified international buyers with a centralized channel for product specifications, commercial negotiation, documentation coordination, logistics and export procedures — while maintaining confidentiality throughout the supply chain.

## EXPORT QUALITY

Products prepared according to international quality standards and specifications.

## FOOD SAFETY

Strict hygiene, quality control and food safety measures throughout the process.

## HALAL CAPABILITY\*

Halal production and shipment-specific certification available subject to current certification status and destination requirements.

## GLOBAL SUPPLY

Flexible supply solutions and export logistics for international markets.

PROFESSIONAL • RELIABLE • CONFIDENTIAL
